ABSTRACTS SUBMISSION

As part of the **4th Liquid Biopsy Symposium**, to be held in Santiago de Compostela on 24, 25 and 26 January 2019, the organisation aims to encourage the active participation of young researchers by creating a poster competition to present results in the field of liquid biopsies.

TERMS AND CONDITIONS

Submitting work to the competition entails full and unconditional acceptance of the following terms and conditions:

- Work submitted must be prepared by at least one author under 35, who must be part of a research team working on liquid biopsies.
- Posters with clinical or basic research content in the field of liquid biopsies will be accepted.
- Posters can be submitted of ongoing or completed work, with partially or fully original results.
- Posters may not include work that has already been published.
- To take part in the competition and present the work, the main author must register for the Symposium.
- Work will be presented at the symposium in poster format (measurements will be notified by email to the authors whose abstracts have been accepted).

SELECTION OF WINNERS

The posters will be on display during the three days of the 4th Liquid Biopsy Symposium

From all the work submitted in poster format, a panel comprised of 5 experts will select **4 CASES** to be **PRESENTED**

ORALLY during the symposium and the **BEST POSTER** and the **BEST ORAL PRESENTATION**, at the end of the meeting.

Each case selected for oral presentation will have 10 minutes, plus 5 minutes for questions (the authors of the selected works will be informed in advance).

The awards will be presented during the symposium closing ceremony: €500 for the best oral presentation and €300 for the best poster presentation.

The “Xuntaza de posters” will be held on **25 January** after the last round table and during the celebration cocktail. This will allow the Symposium participants to view the posters and share ideas in a relaxed setting.

INSTRUCTIONS FOR SUBMITTING ABSTRACTS:

- Each abstract must be submitted individually.
- Each work submitted can feature up to 10 authors.
- Any references to the personal details or identity of patients or their families must be omitted.
- Work must be submitted in English.
- Abstracts must be submitted through the abstracts platform.
