# POSTER COMPETITION

As part of the **3rd Liquid Biopsy Symposium**, to be held in Santiago de Compostela on 25, 26 and 27 January 2018, the organisation aims to encourage the active participation of young researchers by creating a poster competition to present results in the field of liquid biopsies.

## TERMS AND CONDITIONS

Submitting work to the competition entails full and unconditional acceptance of the following terms and conditions:

- Work submitted must be prepared by at least one author under 35, who must be part of a research team working on liquid biopsies.
- Posters with clinical or basic research content in the field of liquid biopsies will be accepted.
- Posters can be submitted of ongoing or completed work, with partially or fully original results.
- Posters may not include work that has already been published.
- To take part in the competition and present the work, the main author must register for the Symposium.
- Work will be presented at the symposium in poster format (measurements will be notified by email to the authors whose abstracts have been accepted).

## SELECTION OF WINNERS

The posters will be on display during the three days of the 3rd Liquid Biopsy Symposium

From all the work submitted in poster format, a panel comprised of 5 experts will select **TWO WINNING CASES**

and **4 CASES** to be **PRESENTED ORALLY** during the symposium (these cases will be excluded from the prizes).

Each case selected for oral presentation will have 10 minutes, with a maximum of 15 slides, plus 5 minutes for questions (the authors of the selected works will be informed in advance).

The awards will be presented during the symposium closing ceremony: €500 for the first prize and €300 for the second.

The “Xuntaza de posters” will be held on 26 January after the last round table and during the celebration cocktail. This will allow the Symposium participants to view the posters and share ideas in a relaxed setting.

## INSTRUCTIONS FOR SUBMITTING ABSTRACTS:

---

- Each abstract must be submitted individually.
- Each work submitted can feature up to 10 authors.
- Any references to the personal details or identity of patients or their families must be omitted.
- Work must be submitted in English.
- Abstracts will not be edited; we would therefore appreciate if the authors could ensure that there are no typos or grammatical errors.
- Abstracts can be submitted in .doc or .pdf. format with a maximum of 500 words. They will be structured as follows: introduction, objectives, methodology, results and findings. Additional tables and figures may be included.
- All work must contain the following information:
  - Title
  - Main author (full name, service and work centre, contact telephone and email address)
  - Other authors and tutor (first name and surname(s), service and work centre)

Authors will be notified of acceptance by email and will be assigned a number for their designated exhibit space.

Abstracts will be accepted  
**until 31<sup>ST</sup> December 2017**  
via email to
