

2027 ABSTRACT SUBMISSION RULES & GUIDELINES

The French, Portuguese and Spanish Proteomics Societies are glad to invite you to submit a scientific abstract for its 7th Joint Meeting, that will take place in Bilbao on February 8-10, 2027.

All abstracts will be candidates for the **Best Communication Awards** (Best Oral Communication, Best Flash Oral Communication and Best Flash Poster).

Please take note of the dates for the submission:

- ABSTRACT SUBMISSION **OPENING** – SEPTEMBER 16, 2026
- ABSTRACT SUBMISSION **DEADLINE** – DEADLINE EXTENDED UNTIL NOVEMBER 25, 2026

Important Note: *In order to complete your abstract submission, you must provide your personal data, upload your abstract, and complete your registration for the meeting.*

Abstract Instructions

- **Online Submission only through this LINK**
- **Register on the platform as an author.** Before submitting your abstract, create an account by entering your email address and choosing a password. Then, complete the registration form as the first author. Once your registration is complete, follow the submission steps to submit your abstract.
- **Acceptance Notification -** Upon submission, you will receive an email by December indicating if the abstract is accepted and whether it has been selected as either a poster or an oral communication.

By submitting your work, you consent to the inclusion of the authors' names, affiliations, biographical information, and abstract summary on the meeting website, and in the abstract book, as well as in indexes or searchable databases in print, electronic, or other media.

Sending the summary of the abstract implies full acceptance of these rules. The submitter signs for all co-authors. He/she accepts responsibility for the present rules for submission and presentation on behalf of all co-authors.

Topics

Abstracts for oral and poster presentations are welcomed around the following key themes:

- **Emerging Technologies in Mass Spectrometry, Spatial Omics, and Beyond.**
- **Clinical Proteomics and Biomarker Discovery**
- **Structural Proteomics and Interactomics**
- **Post-Translational Modifications and Cell Signaling**
- **Systems Biology and Bioinformatics**
- **Proteomics Beyond Biomedicine: Plant, Agri-food and Environmental Sciences**

Please, select the session that you would like to attend and indicate us a second option.

Abstract Format Requirements

In order to be considered, an abstract should respect the following guidelines:

Content Structure:

- All communications should be written in **English.**
- **Abstract titles** should be brief and should reflect the content of the abstract, and the title should be no longer than 20 words. *Do not write the title or authors on the space reserved for the abstract body.*
- **Abstract text is limited to 300 words or 1800 characters**.
  This does not include the information relating to title, author and affiliation.

Authors & Files:

- **Authors:** please enter the first author in the first place (it will be the contact person for the Technical Secretariat).
- **No more than 20 authors can be listed.** Only institutional affiliations, cities and countries should follow.

Presentation Guidelines

On Posters

- Printed posters also apply for the ones selected as **Flash Posters.**
- The size of the poster must be **120 cm high and 90 cm wide** (A0 recommended)
- In the congress you will find an abstract list with the main authors´ names and the number assigned to the scientific abstract.
- The posters will be exhibited during the Congress.
- **Format:** fabric posters are not recommended as they don't fit properly on the poster panels.

On Flash Posters

For selected posters, each author will have 90 seconds in the main auditorium to present their work to the entire conference audience using a single static slide (no animations).

The goal is not to explain the entire poster, but to spark interest and encourage attendees to visit your poster during the poster session and discuss your work in person.

How to prepare it: a few tips

- Think of it as a teaser, not a complete summary: focus on one key message rather than presenting all your results.
- Your slide should support your presentation, not replace it. Keep the text to a minimum and use clear, visually engaging elements that are easy to read from a distance.
- Use the 90 seconds to generate curiosity, not to cover every detail of your project.
- Finish by mentioning your poster number and the poster session where it will be displayed.

On Oral Communications

The evaluation committee will select several abstracts to be presented as oral communications during the Congress:

- **Short Oral communication |** Presentation time: 12 minutes talk + 3 minutes Q&A

Oral Communication | Presentation time: 20 minutes talk + 5 minutes Q&A

- Abstracts selected as oral communication and short oral communication **will not be presented as posters at the Congress**.
- Only **PowerPoint (.ppt/.pptx)** files will be accepted.

Call For Abstracts – Key Deadlines at a Glance

ABSTRACT SUBMISSION OPENS	**SEPTEMBER 16, 2026**
ABSTRACT SUBMISSION DEADLINE (extended!)	**NOVEMBER 25, 2026**
Acceptance Notification	December 2026

THE SCIENTIFIC COMMITTEE ENCOURAGES YOU TO SEND YOUR ABSTRACT!

Submit

For any inquiry, please contact the Technical Secretariat: info@tacticsmd.net

Thank you.
